Brian Chevalier and Susan Hamlin  
62 Lexington Ave.  
Glens Falls, NY 12801

Dear Brian and Susan,

I'm writing to commend you both on the wonderful program that you recently presented at Crandall Public Library. We were very pleased with the great audience response, as well as the creative ways that you encouraged participants to use the library. We would love to have a tape of your song "Check It Out".

The children were amused by your humor and entertained by your songs. The audience was actively involved in the presentation. In short, they had fun! The interactive songs were enjoyed as much by the parents as the children. We greatly appreciate that you didn't miss any opportunities to encourage use of the library throughout the program.

I highly recommend this program to other libraries looking for creative ways to promote books and reading.

Sincerely,

A handwritten signature in cursive script that reads "Pam Frazier".

Pam Frazier
